Tekno Line 2019

⊕ Key Features & Benefits

NCC Approved & Full UK Specification

Your motorhome:

- Has been rigorously tested
- Is safe & legal for use on UK roads
- Has met all NCC approval standards
- Is certified safe for you & your family

Fiat Euro 6 Chassis 150bhp Engine with 6 speed gearbox

Ensuring a comfortable driving experience. With a Fiat Comfort-Matic automated gearbox available as a cost option.

DAB radio with touchscreen Sat Nav & integrated rear view observation camera

Make your way to your holiday destination with ease and with the latest audio technology.

Drivers Pack; ESP inc traction control plus, hill hold assist and hill descent control

Your Mobilvetta features sophisticated control technologies which can be operated from the cabin easily and quickly.

Exquisite Italian Style & Design

Experience the perfect fusion of "Marine" style and Italian design in the Tekno Line motorhome range.

Multi positional electric drop down beds

The expert designers at Mobilvetta have included space saving drop down bed options in all Tekno Line models.

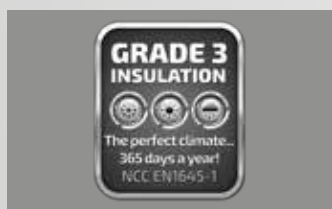

Heated Wing Mirrors

2019 Mobilvetta Tekno-Line door mirrors are electrically heated, eliminating ice and condensation build-up quickly, to help you see more clearly in any weather.

Exterior BBQ & Shower points

From washing off a muddy dog after a walk to grilling an al fresco dinner for the family, this couldn't be easier, thanks to the functionality of the external BBQ and shower points.

Grade 3 Fully Insulated

Enjoy the perfect climate 365 days a year. All Mobilvetta K-Yacht and Kea P models have successfully achieved the Grade 3 classification for heating and thermal insulation.

Solar Panel

From a short break to a longer holiday, the fitted solar panel can ensure that your battery life lasts longer. Being self sufficient helps you take advantage of the freedom a motorhome brings.

Centralised Locking Cabin/Body with Remote Control

Enjoy the added convenience of centralised locking of the motorhome cab and body.

iTech Insulating Technology with 100% Wood Free Construction

Built using iTech insulating technology, the range is constructed 100% wood free giving a waterproof, heat insulating and stable low profile motorhome.

+ Specification

CHASSIS UPGRADES
FREE 3650kg Upgrade (all models)

† IMPORTANT: The calculated weight is an estimation only. All the weights mentioned in this catalogue are according to the European Directive 1230/2012 and to the EN 1646-2 standard. The calculation of the weight includes; 90% of fuel in the tank, 1 gas bottle, 50 litre fresh water, 1 person to drive (75 kg), 10 kg luggage. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012.

Bed sizes have been rounded to the nearest inch. †† With this vehicle configuration it may be necessary to reduce the payload carried inside the van when towing to ensure the MTPLM and maximum axle loads are not exceeded. Please consult your sales representative for more detailed towing information.

**The optional Comfort-Matic gearbox on the Fiat chassis will increase the MRO by 18 kg and therefore reducing the user payload by the same amount.

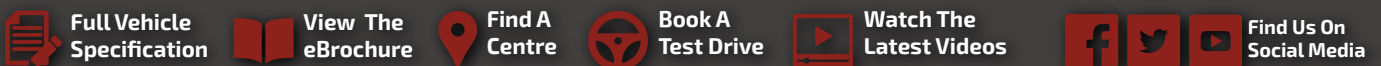

***Dimensions quoted are "aperture" height and width and interior garage dimensions may vary.

The Maximum User Payload includes: a) conventional load (this is the allowance for passengers) b) essential habitation equipment (items of fluids required for safe and proper functioning of habitation equipment) c) optional equipment (items available from the manufacturer over and above the standard specification) d) personal effects (those items not effected by the above).

Please take care to ensure that you have allowed for the masses of all the items you intend to carry in the motorhome e.g. Passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, sailboats, sports equipment etc. The weight of any additional accessories must be deducted from the payload, given that could mean the reduction of the number of passengers.

It should be ensured not to exceed the maximum allowable loads on the shafts and technically permissible weight of the fully loaded vehicle.

For More Information Please visit: www.marquisleisure.co.uk/mobilvetta2019

*Weights include 1 Driver and a full tank of fuel **If the optional automatic gearbox is specified the total mass In running order will increase by 18kg

This brochure is for guidance purposes only. Please be sure to check our full current and technical specifications with your retailer before placing your order. This brochure does not constitute an offer by Mobilvetta or Marquis. It's the continual policy of Fiat and Mobilvetta to seek to improve their vehicles in every way and so whilst every effort has been made to ensure the details set out in this brochure were correct at the time of going to press, they are unable to accept responsibility for discrepancies between these and subsequent models shown. Mobilvetta reserve the right to alter the specifications and price at any time without prior notice. Mobilvetta design its Motorhomes to provide a variety of potential uses for its customers. Each vehicle features the optimum storage, fluid, seating and sleeping capabilities. While the customer enjoys this potential, they have the responsibility to select the proper combinations of loads without exceeding the chassis weight capacities. Bedding and "dress" items shown in photography are used for illustrative purposes only and are not part of the vehicle specification. The End Of Life Vehicle Directive for Fiat - please visit www.fiatprofessional.co.uk/services/assistance/end-of-life-vehicle-collection. Please note that imperial conversions have been rounded to the nearest inch. Dimensions are based on vehicles with standard wheels. All weights and dimensions are subject to manufacturing tolerances and refer to standard specification models and do not include any options. Effective 1st December 2018. This literature supersedes all others.
