**“...This stylish A-Class from Mobilvetta offers striking Italian design and a feeling of quality inside and out, all at a very reasonable price.”**

Sarah Wakely, Editor, Practical Motorhome

# K-Silver i 2019

## ⊕ Key Features & Benefits

### Fiat Euro 6 Chassis 130bhp Engine with 6 speed gearbox

Ensuring a comfortable driving experience. With a Fiat Comfort-matic automated gearbox available as a cost option.

### 'Space-Saving' Drop Down Bed

The expert designers at Mobilvetta have included manual space saving drop down beds in the K-Silver i range.

### Appealing Functionality

The designers at Mobilvetta have used their design expertise to create the K-Silver i motorhome range; where elegant design meets practical functionality.

### Swivel Seats With Double Armrest and Integrated Belt

Make your way to your holiday in ultimate comfort and enjoy the added functionality of swivelling cab seats.

### Cab Air Conditioning & Cruise control

Drive with ultimate comfort thanks to the inclusion of cab air conditioning. Perfect for those longer summer journeys away.

### Integrated DRL lights.

Improving the visibility of your Mobilvetta motorhome in bright, daytime conditions, all K-Silver i models come with stylishly integrated daytime running lights.

### Centralised Locking Cabin/Body with Remote Control

Enjoy the added convenience of centralised locking of the motorhome cab and body.

### Innovative Storage Facilities

The K-Silver i range features a number of innovative interior and exterior space saving storage options.

### Drivers Pack; ESP inc Traction Control Plus, Hill Hold Assist and Hill Descent Control

Your Mobilvetta features sophisticated control technologies which can be operated from the cabin easily and quickly.

### Truma Combi Gas Space & Water Heating System

Enjoy twice the comfort with Truma Combi 4: space and water heater in one appliance. This saves space and weight in your motorhome

### Entrance door with window, blind, integrated dustbin and pleated sliding mosquito net.

Enter your vehicle with style, every model features a high quality and practical entrance door.

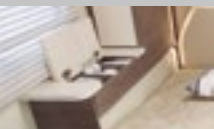

### iTech Insulating Technology with 100% Wood Free Construction

Built using iTech insulating technology, the range is constructed 100% wood free giving a waterproof, heat insulating and stable A Class motorhome.

† IMPORTANT: The calculated weight is an estimation only. All the weights mentioned in this catalogue are according to the European Directive 1230/2012 and to the EN 1646-2 standard. The calculation of the weight includes; 90% of fuel in the tank, 1 gas bottle, 50 litre fresh water, 1 person to drive (75 kg), 10 kg luggage. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012.  
 Bed sizes have been rounded to the nearest inch.  
 †† With this vehicle configuration it may be necessary to reduce the payload carried inside the van when towing to ensure the MTPLM and maximum axle loads are not exceeded. Please consult your sales representative for more detailed towing information.  
 \*\*\*The optional Comfort-Matic gearbox on the Fiat chassis will increase the MRO by 18 kg and therefore reducing the user payload by the same amount.  
 # Dimensions quoted are "aperture" height and width and interior garage dimensions may vary.

The Maximum User Payload includes: a) conventional load (this is the allowance for passengers) b) essential habitation equipment (items of fluids required for safe and proper functioning of habitation equipment) c) optional equipment (items available from the manufacturer over and above the standard specification) d) personal effects (those items not effected by the above). Please take care to ensure that you have allowed for the masses of all the items you intend to carry in the motorhome e.g. Passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, sailboats, sports equipment etc. The weight of any additional accessories must be deducted from the payload, given that could mean the reduction of the number of passengers.  
 It should be ensured not to exceed the maximum allowable loads on the shafts and technically permissible weight of the fully loaded vehicle.

This brochure is for guidance purposes only. Please be sure to check our full current and technical specifications with your retailer before placing your order. This brochure does not constitute an offer by Mobilvetta or Marquis. It's the continual policy of Fiat and Mobilvetta to seek to improve their vehicles in every way and so whilst every effort has been made to ensure the details set out in this brochure were correct at the time of going to press, they are unable to accept responsibility for discrepancies between these and subsequent models shown. Mobilvetta reserve the right to alter the specifications and price at any time without prior notice. Mobilvetta design its Motorhomes to provide a variety of potential uses for its customers. Each vehicle features the optimum storage, fluid, seating and sleeping capabilities. While the customer enjoys this potential, they have the responsibility to select the proper combinations of loads without exceeding the chassis weight capacities. Bedding and "dress" items shown in photography are used for illustrative purposes only and are not part of the vehicle specification. The End Of Life Vehicle Directive for Fiat - please visit [www.fiatprofessional.co.uk/services/assistance/end-of-life-vehicle-collection](http://www.fiatprofessional.co.uk/services/assistance/end-of-life-vehicle-collection). Please note that imperial conversions have been rounded to the nearest inch. Dimensions are based on vehicles with standard wheels. All weights and dimensions are subject to manufacturing tolerances and refer to standard specification models and do not include any options. Effective 1st December 2018. This literature supersedes all others.
