EXPERIENCE TOURING FREEDOM

The Auto-Sleepers M-Star Mercedes Campervan offers a harmonious blend of style, functionality, and innovation. Whether you're embarking on a weekend getaway or a long-term road trip, this campervan provides the ideal home away from home, allowing you to create unforgettable memories on your travels.

It's all about the details:

Black Ceiling LED Lights, High-Definition LED reading spotlights and worktop extensions with cup holders are just some of the little touches of quality that take the M-Star to the next level.

Truma Aventa Comfort

Enjoy a pleasant indoor climate thanks to the Truma Aventa Comfort Plus roof-mounted air conditioning system.

Grade 3 Insulation

All 2025 Auto-Sleeper Campervans have successfully achieved Grade 3 classification for heating and thermal insulation.

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

DISCOVER ULTIMATE COMFORT AND LUXURY

Step inside, and you'll be greeted by a spacious and elegantly designed interior that maximizes every inch of available space. The campervan features high-quality materials, plush upholstery, and intelligent storage solutions. The living area is designed to be versatile, with a comfortable

seating arrangement that easily converts into a sleeping area. Large panoramic windows surround the interior, allowing natural light to flood the space and providing breathtaking views of the outdoors.

FUEL YOUR ADVENTURE

The M-Star Campervan's kitchen is a chef's dream, equipped with state-of-the-art appliances and ample counter space. It features a modern induction cooktop, a stainless steel sink, a refrigerator, and a microwave oven. The kitchen is cleverly designed to optimise functionality, making meal preparation a breeze even on the go.

3 Burner Hob

Kitchens include a flexible 3 burner hob with separate oven and grill.

Microwave Oven

All Campervans feature a 230v Dometic microwave oven for convenient cooking on tour.

Fridge-Freezer

Keep your food fresh with the large 3 way refrigerator with freezer compartment

WHAT DREAMS ARE MADE OF...

When it's time to unwind, the campervan offers a cozy and inviting bedroom area. The rear lounge converts to sleeping quarters featuring a comfortable double bed or two singles for a restful night's sleep. With blackout curtains and excellent insulation, you can enjoy privacy and peace, no matter where your touring adventures take you.

LED Lighting

Create the right atmosphere with energy efficient LED lighting including positionable reading spotlights.

Durable Upholstery

Our fabrics have passed the Martindale rub test over 100,000 making them more durable with enhanced longevity.

A sleek, full-length mirror adds depth and practicality to the M-Star interior.

Custom-designed curtains, add a touch of elegance and privacy to your travel experience.

The M-Star has a selection of interior upholstery options. Trieste fabric as standard.

IMPECCABLE WASHROOM LUXURY

The M-Star Campervan comes with a well-appointed bathroom that includes a toilet, sink, and shower. The bathroom is designed for efficiency and convenience, allowing you to freshen up and maintain your hygiene while on the road.

The Alde 3030 Plus, fitted to Mercedes M-Star Motorhomes, is a cutting-edge hydronic heating and hot water system offering continuous hot water, dual-zone temperature control and energy-efficient, silent operation for year-round comfort.

BORN TO RUN

The Best Sprinter Of All Time

Built on the latest Sprinter chassis, the 2025 Auto-Sleeper Mercedes-Benz range is smarter, safer, and more efficient than ever. With a versatile 9-speed automatic transmission, it delivers enhanced performance and increased payload capacity.

Safety comes as standard, with features like Active Brake Assist, double locks, and a visible VIN for added security.

Inside, every Auto-Sleeper Mercedes Motorhome is equipped with state-of-the-art MBUX technology, an infotainer featuring a high-resolution touchscreen and Mercedes PRO connect services.

Choose an Auto-Sleeper Mercedes motorhome for a premium driving experience and keep your adventures moving forward.

EVEN BETTER FEATURES

Effortless Control

Start your vehicle with Keyless Start and activate the Electric Parking Brake effortlessly at the push of a button.

Blind Spot Assist

Enhances safety with radar sensors and visual or acoustic warnings for lane changes, reversing, and door opening to help prevent collisions.

MBUX Infotainer

The state-of-the-art MBUX infotainer with DAB radio, smart connectivity and integrated rear observation camera comes as standard in every Sprinter.

Smart Driving Assistance

Enhance every journey with the latest in advanced safety features, including Lane Assist, Attention Assist, Hill Start Assist, Active Brake Assist, and Intelligent Speed Assist.

Crosswind Assist & Adaptive ESP®

Our Mercedes Coachbuilds feature the latest technology to help keep you safe on the road.

Multi-Function Steering Wheel

All controls, all in one place, for a streamlined cabin and safe operation while driving.

Cruise Control

Maintain a steady speed with Mercedes-Benz Cruise Control, reducing driver fatigue and enhancing comfort on long journeys.

3rd Generation SCR Emission Control System

Stringent Euro 6 emissions standard is met with the aid of advanced SCR (Selective Catalytic Reduction) technology.

DESIGNED FOR COMFORT AND CONVENIENCE

Wherever your journey takes you, Auto-Sleeper motorhomes are designed to deliver a practical and comfortable experience every time you travel.

Our expert designers have carefully crafted layouts that maximize space while providing generous storage throughout.

To complement these smart designs, we use only the finest materials and high-quality equipment, ensuring every Auto-Sleeper motorhome meets the highest standards.

For added convenience, an underfloor LPG gas tank frees up valuable storage space while offering greater efficiency and cost savings.

And with every model achieving Grade 3 classification for thermal insulation, your motorhome is ready for year-round adventures—so you can escape to the outdoors in comfort, no matter the season

Dual USB-A and USB-C Outlets: Stay Powered Anywhere

Easily charge your devices using the onboard 5 x Dual USB-A and USB-C Outlets. USB-A ports allow campers to charge their older devices, while the versatile USB-C ports accommodate newer gadgets, offering faster charging capabilities.

120W Solar Panel*

Be more self-sufficient and save money on your next holiday thanks to the 120W Solar Panel.

Thule Roof Mounted Canopy Awning*

Effortlessly extend your living space with this sleek and durable awning, providing instant shade and protection from the elements, perfect for relaxing or dining alfresco during your travels.

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

High quality Reflex™ foam upholstery.

Auto-Sleepers soft furnishings are constructed with UK manufacturer Vitafoam's premium quality Reflex™ foam for superior comfort, durability, recovery and service life.

Spacious storage facilities

To help make the most of your space, our designers have included numerous space saving storage options to securely stow your luggage.

Dine Al'Fresco!

Feel like making the most of some glorious weather? All Auto-Sleeper models feature external BBQ points for quick and easy outdoor dining.

THE LATEST TOURING TECHNOLOGY

For 2025, Auto-Sleeper models have been fitted with an exciting range of equipment to further enhance your trips away. Improved Security features, stylish exterior looks, plus be the envy of everyone on the campsite and stream all your favourite media from iPlayer, Netflix and Spotify thanks to internet connections up to 5x stronger than standard mobile connections.

Alde Central Heating & Flow System

2025 models benefit from world class Alde heating and hot water systems for use all year round in all weathers.

MBUX infotainer*

A high resolution touchscreen DAB+ radio infotainer with rear observation camera offers tourers true mobile convenience featuring Apple CarPlay and Android Auto.*

5G Ready Wifi

(SIM card required)

All 2025 Auto-Sleeper coachbuilds are fitted with powerful 5G ready Mobile broadband equipment designed to improve internet connectivity on your touring excursions.

120W Solar Panel*

Be more self-sufficient on your next holiday with the included 100W solar panel, harnessing renewable energy to power your motorhome. Whether off-grid or cutting energy costs, it provides a sustainable way to keep your devices running

100ah Lithium Battery Fitted As Standard

2025 Auto-Sleeper models benefit from the upgraded 100Ah Lithium Iron Phosphate leisure battery, now fitted as standard for enhanced performance and long-lasting, reliable power on your travels.

GPS Sargent S7Tracker Pre-Installed

(£100 Annual Subscription applicable)

2025 Auto-Sleeper motorhomes are protected 24/7 with the Sargent S7 Tracker, offering advanced security and peace of mind wherever your journey takes you.

Truma FLOJET 12V Water System Pump

The 12v Flojet water pump is ideal for providing a continuous and consistent water feed throughout your motorhome's water system.

Underfloor Mounted 25Litre LPG Tank

A 25-litre underfloor-mounted LPG gas tank provides hassle-free practicality. It frees up storage space, replaces heavy gas bottles, and ensures an extended supply for heating, cooking, and hot water.

Ultrasonic Water Sensors

Auto-Sleeper motorhomes now feature Ultrasonic Water Sensors for precise, contactless monitoring of fresh and waste water levels. These sensors provide accurate readings, reduce maintenance, and ensure a hassle-free experience on every journey.

Truma Aventa Comfort (optional)

Enjoy a pleasant indoor climate in Summer thanks to the optional roof-mounted Aventa Comfort air conditioning system from Truma.

*Premium Pack

ALDE COMPACT 3030 PLUS

Enjoy even more freedom on holiday

When you are away travelling you should be comfortable, which means comfort on a par with home. You shouldn't have to choose. Alde's heating systems provide cosy, silent and even heating.

The Alde Compact 3030 Plus is the result of continued development of our popular hydronic boilers. We are now taking thermal comfort to the next level, giving you, among other things, longer showers and the ability to control different temperature zones.

Heating and hot water in one

With Alde, you not only get to enjoy comfortable warmth in the vehicle, but also hot water. Our built-in 10-litre water heater ensures you always have plenty of hot water for a shower and the kitchenette.

The boiler runs on electricity or LPG, but if you need extra heating, you can choose to combine both to obtain as rapid heating as possible.

One boiler – Numerous possibilities

- ✓ Silent and even heating
- ✓ Perfect for year-round use
- ✓ Heating and hot water from a compact 2-in-1 solution
- ✓ Low 12V power consumption

Thermal comfort with an enhanced premium feel

Like at home or even better. We never stop looking at ways to optimise and refine thermal comfort in your leisure vehicle. That is why the Alde Compact 3030 Plus now includes Alde ICT (Alde Intelligent Climate Technology). This innovative system delivers smooth and efficient temperature transitions, energy optimisation and automatic climate control. You also have the option to choose different settings for night and day.

Adjust the heat in different spaces

Maybe you'd like it to be cooler in sleeping areas, but a little warmer in social spaces? The option of two different zones enables you to set the temperature that best suits your needs. This not only improves your overall comfort – it also reduces your LPG or electricity consumption. Our multi-zone system gives you optimal thermal comfort.

Shower more and for longer

With the Alde Compact 3030, we have increased the hot water capacity by around 20 per cent. You can remain independent and won't have to wait for a shower cubical to come free in the shower block. Make full use of the freedom your leisure vehicle offers.

Easy to control temperature, hot water and zones

Our new control panel is simpler, more modern and easier to navigate. It should be easy to choose your preferred energy source and set the indoor temperature or hot water level.

Continuous hot water

Away with the family or perhaps you just like taking a long shower? The premium version Alde Compact 3030 Plus provides additional hot water capacity and continuous hot water if needed. What a luxury!

FUNCTIONS	COMPACT 3030 PLUS
LPG output	5.5 kW (2 steps)
Electricity output (230 V)	3.2 kW (3 steps)
Total output	8.7 kW (3 steps)
Hot water capacity	10 L
Hot water flow rate (38 °C)	4 L/min
Temperature zones	Automatic 2-zone (premounted, downgradable to 1 zone)
Room sensors	2 required as standard
Antibacterial function	Yes
ACC function	Yes. Compatible with Truma AC
Weight without fluid	15.5 kg

THE LITHIUM DIFFERENCE

Auto-Sleepers are fitted with 100ah Lithium iron phosphate leisure batteries (LiFePO4 or LFP) which offer lots of benefits compared to lead-acid batteries. Including, longer life span, extremely safe, lightweight, improved discharge and charge efficiency, all whilst providing a long life span.

- **Heavy on power. Light on weight**
Compared to lead-acid batteries lithium provides great energy density and are at least half the mass. Go for lithium if you want to reduce concerns about battery weight, performance and size.
- **Long lifetime. Lower costs**
A huge advantage to lithium technology is the life cycle rating which far surpasses alternative technologies. Lithium batteries operate ten times longer than lead-acid.
- **Quick and efficient**
Lithium can charge and discharge at a high rate providing maximum versatility. Fast charging minimizes downtime, and lithium's high rate of discharge is perfect for a burst of power.
- **Low self-discharge**
Lithium batteries have a very low self-discharge rate; <3% per month. Compared to lead-acid this is 10 times lower.
- **Maintenance free**
Lithium batteries don't require active maintenance to extend their service life and include built in automatic overcharge protection.

5G READY WIFI

When you venture out in your Auto-Sleeper, our aim is not only to provide you with features that offer opulent luxury and comfort, but that are also practical and useful to maximise your holiday enjoyment every time you travel.

Our expert motorhome designers have designed the internal layouts of our motorhomes to optimise efficiency of the living spaces; balancing freedom of movement with storage of equipment and features.

MORE COMFORT ON TOUR WITH TRUMA

AVENTA AIR COMPACT PLUS CONDITIONING SYSTEM

All Auto-Sleepers have the option of having an Aventa Compact Plus Conditioning system installed. The Truma roof air conditioner excels with its performance power – Although being especially efficient and economical in consumption the Aventa turns the vehicles into a feel good zone thanks to its high performance. The powerful cooling capacity ensures this on hot summer days. In cool nights the economical heat pump function (2 ventilation steps) for pleasant temperatures. At the same time the air is not only

dehumidified, but also cleaned by a new honeycombed air filter.

The integrated sleep-mode reduces speed of the ventilator in the night and so by very silent air distribution a particular smooth running of the air conditioner is achieved. The single adjustable air-outlets offer various possibilities to dispense the conditioned air in the vehicle.

AUTO-SLEEPERS MONITOR

UTILITY MANAGEMENT SYSTEM

EASY ACCESS CONTROLS

Rest easy knowing that your Auto-Sleeper motorhome is equipped with the advanced Auto-Sleepers Monitor Utility Management System (UMS). But what exactly is it? The Auto-Sleepers Monitor UMS seamlessly integrates cutting-edge electrical systems from the innovative UK electrical manufacturer, Sargent, and heating systems from renowned manufacturers Truma (Fiat models), and Alde (Mercedes models). Designed to centralise the controls for all your on-board leisure facilities, the UMS ensures easy and intuitive management. Moreover, the inclusion of Sargent's CAT6 vehicle tracker, accessible remotely through 'Auto-Sleepers LOCATE,' provides you with the peace of mind that your motorhome is secure.

MANAGE YOUR ONBOARD SYSTEMS

The LCD touch-screen control panel allows you to easily monitor and control your motorhome's on-board systems. This functional all-in-one panel makes it simple to manage your lighting, battery and water so that you can spend more time enjoying your trips away.

TEMPERATURE CONTROL

M-Star models are fitted with an Alde heating system and control panel. The digital Alde control panel allows you to set the temperature in your Auto-Sleeper motorhome quickly and easily. Choose functions like fan speeds and night time economy mode instantly. The automatic climate control ensures a constant indoor temperature in all weathers.

LOCATION TRACKER

Check the location of your motorhome and see the location of all Auto-Sleeper approved dealer workshops using Sargent's Auto-Sleeper Locate function..

- Safety system with automatic closing of the antenna at vehicle start

TELECO

SERVICE YOU CAN COUNT ON

The Auto-Sleeper Service Centre caters specifically for the needs of the motorhome, campervan and caravan owner. Located around the corner from the Auto-Sleeper factory in Willersey, near Evesham, Worcestershire. We offer annual habitation checks, accessories and modifications. Additionally, we can also offer motorhome, caravan and campervan repairs, accident or insurance claims.

The Service Centre technicians have many years' service with the company and are fully trained. Although specialising in Auto-Sleeper models, work can be carried out on any type of vehicle

or caravan irrespective of make but please note we are unable to undertake warranty work on other manufacturers vehicles.

The habitation check covers the motorhomes/ caravan chassis, body, fixtures, fittings and include full gas and electric system checks. Base vehicle servicing and Mot's can be arranged off site if necessary.

Dedicated to customer care, the Service Centre offers a comfortable waiting room, refreshments and mains hook-ups for an overnight stay.

AUTO-SLEEPERS PARTS DEPARTMENT

The Auto-Sleepers Parts Department aims to provide parts for Auto-Sleepers old and new. When contacting this Department, customers should have to hand the Auto-Sleepers production number of their vehicle (this can be found in the vehicle glovebox). We endeavour to provide parts for older vehicles, but are unable to guarantee to supply parts that are no longer manufactured by our suppliers.

NEW PARTS & ACCESSORIES SHOP NOW OPEN

Auto-Sleepers is excited to introduce a new accessory shop within the Service Centre, offering a range of high-quality accessories and upgrades for your motorhome or campervan. Whether you're looking for solar panels, satellite systems, or essential outdoor equipment, the shop provides convenient access to carefully selected products, with expert advice available on-site. Visit the Service Centre to explore the latest accessories and enhance your Auto-Sleeper experience.

AUTO-SLEEPERS MOTORHOME WARRANTY

You can be confident about owning an Auto-Sleeper, because we are confident about the way in which we build them. The conversion work of every Auto-Sleeper is covered by our own three year warranty* scheme plus and an additional three year water ingress warranty*.

The cover is not restricted to mileage and protects all aspects of the motorhome.

*Terms and conditions apply, please refer to your handbook for further information.

MERCEDES-BENZ WARRANTY

The base of your motorhome is covered by Mercedes-Benz. You are covered by a 3 year, unlimited mileage warranty (terms and conditions apply, please refer to the chassis manufacturers handbook for details).

Mobilovan UK

MobiloVan UK keeps the Mercedes-Benz Van Owner On The Road For Thirty Years - Mercedes vans first registered after 1st October 2012. To benefit from MobiloVan UK, the owner must have the van regularly serviced by a Mercedes-Benz service partner. Even if it is a used van or a service has been missed, with each new service the van is automatically entitled to MobiloVan UK cover again, for up to 30 years.

MobiloVan UK also offers special mobility services in the event of a workshop visit arising from a warranty claim or goodwill gesture during the first three years after the van was initially registered.

Europe-Wide

MobiloVan UK cover applies throughout Europe even in a remote lane in Spain. Wherever there is a road, MobiloVan UK cover applies. A Europe-wide network of approximately 3,000 authorised Mercedes-Benz service partners makes this possible. And should it take a little longer to repair the vehicle, the owner can keep on the move thanks to the wide-ranging MobiloVan UK mobility services.

Technical Breakdowns Or Starting Problems

For three years after the initial registration of a Mercedes van, MobiloVan UK will keep it on the move in the event of a technical breakdown or starting problems. Subsequently the mobility guarantee is extended after each service by an authorised Mercedes-Benz service partner – up to maximum of 30 years.

Minor Mishaps Or Driver Error

For three years after the initial registration of a Mercedes-Benz van MobiloVan UK will cover the following:

- Wrong fuel or out of fuel
- Lost or locked keys
- Two or more flat tires
- Road traffic accident
- Vandalism and attempted theft

Workshop Visits For Warranty Repairs Of Over Two Hours

In the case of warranty claims or goodwill gestures in the 3 years following first registration of a Mercedes van the owner will be entitled to MobiloVan UK mobility services if the repair work exceeds 2 hours.

M-STAR - Weights and Dimensions Overview

Dimensions (mm)

Overall length	7100mm 23'3½"
Overall width with mirrors extended	2508mm 8'3"
Overall width with folded back mirrors	2020mm 6'7½"
Overall height*	2881mm 9'5"
Interior headroom kitchen/living area	2508mm 8'3"
Rear double bed length	1860 6'1"
Rear double bed width	1640 2'2½"
Rear single bed length	1860 6'1"
Rear single bed width	680 2'2½"

Weights and loads (EU6.2)

MTPLM (Maximum Permissible Laden Mass) (kg)	3880
MIRO (Mass in Running Order) (including driver) (kg)	3385
Max. User Payload (kg)	495
Habitation Equipment (kg)	10
Media Pack Weight in kg (kg) (optional)	16

All dimensions (shown in mm) are subject to manufacturing tolerances and refer to minimum specification models and do not include additional equipment. These illustrations are for guidance only.

The MIRO is the mass of the unladen vehicle, including an allowance for the driver (assumed 75 kg) and a 90% full fuel tank. The MIRO is calculated with the fresh water tank empty. If you travel with water in the freshwater tank then the User Payload will reduce accordingly. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012. All motorhomes in this brochure conform to the European Standards for Motorhomes: EN1646 -1, EN 721, EN1949 and EN 1648-2. They have also been granted European Whole Vehicle Type Approval to EC Directive 2007/46. We would strongly advise against modifying vehicles in any way that could affect the validity of these Standards or Directives.

NB: It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use.
