SHOWROOM SHORTLIST

AUTO-SLEEPER WARWICK XL

The Auto-Sleeper Warwick XL live-in test printed in *Motor Caravanner* February 2018 judged it to be an exemplary 'van worthy of our oldest volume motorhome producer. A clever synergy of traditional A-S values interpreted in a modern way with a very automotive look to the exterior thanks to the full length bonded (athermic glass) windows. Two easy-access single beds or a huge double bed are available. Facility room has a separate walk-in showering and washing area. The price tag looks highish at first glance but it is actually very good value for money when one considers included options and all the top-tackle equipment as standard.

Go for it

- Auto-Sleeper pedigree
- Spacious washroom
- Fully loaded with quality equipment
- Strong residuals

Bear in mind

There are no opening windows in the lounge though there is a large rooflight... plus two opening doors!

Spec check

Length: 6.36m (20' 10.5") **Seats:** 2
Sleeps: 2 **Power Train:** Peugeot Boxer 2.0-litre HDI 150bhp front wheel drive (Fiat Ducato optional) **Max payload:** 469kg

In a nutshell

XL in far more than just the name. >>
