

Benimar

Benivan 120

New for 2019, the all-new Benivan is a practical range of two-berth campervans for those that enjoy the spontaneity and freedom of the open road, all year round.

Based on the 3,500kg licence-friendly sub-six-metre chassis, its powerful 150bhp Fiat Ducato engine provides Euro VI efficiency with the safety features you expect from a Benimar motorhome, like driver and passenger airbags, ESP with traction and hill descent holder, automatic lights with rain sensors, and a rear view observation camera.

With further features such as captain-style seats, DAB radio with Bluetooth and sat-nav, and alloy wheels, these superbly appointed compact motorhomes are exceptional value for money.

The Benivan 120 is perfect for holidays both at home and further afield, offering a spacious rear lounge with twin sofas. Ahead of this, you'll find the well-appointed kitchen with a two-burner gas hob and microwave; the large fridge and storage cupboards are positioned opposite, adjacent to the compact yet practical bathroom.

After the tremendous success of the Mileo and Tessoro model ranges, which launched back in October 2014 and 2015 respectively, we are so excited by the prospect of introducing these stunning, yet affordable, van conversions. Offering a high level of specification at a price to suit most pockets, the Benivans really are a great addition to our exclusive model ranges this year.

Price from | £43,995
Base vehicle | Fiat Ducato
Layout | Rear lounge
Berths | 2 **Travel seats** | 2
Gross weight | 3,500kg
Payload | 667kg

Benivan 122

At 6.36m, the Benivan 122 provides even more room in the rear living area and the huge opposing bench seats can seat up to six people, making it the perfect campervan for relaxing with friends and family! Come bedtime, these comfy sofas convert into a vast transverse double bed or luxurious twin singles, measuring a

generous six feet long.

With rear opening doors, it is just as easy to pack all your gear and enjoy extensive touring as it is to load up the weekly shop when used as an everyday vehicle.

Like all Benivans, the 122 makes excellent use of space and up front you'll find a handy dining area with a bench that offers a further

two travel seats so that four can travel safely and in comfort. The slightly longer length of this 'van allows for a generous central washroom on one side of the galley and a well-appointed kitchen on the other.

Also based on the licence-friendly 3,500kg Fiat chassis with its powerful 150bhp Euro VI engine, it comes with all the safety features that come as standard on a Benimar motorhome, such as driver and passenger airbags, ESP with traction and hill descent, automatic lights with rain sensors, and a rear view observation camera. Additional features like captain-style seats, DAB radio with Bluetooth and sat-nav, and alloy wheels mean this is an exceptional motorhome that offers great value for money.
