

Auto-Sleepers

Symbol Plus

New for 2019 and building upon the solid foundations of its smaller sister, the iconic Symbol, Auto-Sleeper has added another dimension to its number one campervan range.

The Symbol Plus, based upon the Peugeot 160bhp six-speed manual long-wheelbase, toward the front has either two large single or a sumptuous double bed, offering true comfort and flexibility.

The super-agile chassis allows for day to day use or for those longer vacations wherever you want to take them.

With a very capacious and comfortable lounge-cum-bedroom up front, the true innovation can be found to the rear, where the L-shaped kitchen allows sufficient worktop and storage space to prepare even the most adventurous of menus.

As you would expect from Auto-Sleeper's the kitchen is fully equipped with a full cooker

Our 2019 season models come with a stunning new Limewash interior, which combines with new soft furnishings to raise the bar once again on the flagship van conversions. Based on the superb Peugeot 160bhp engines as standard and with a specification second to none to deliver a range that's the perfect combination for exploring the great outdoors in class-leading refinement.

Dave Williams
Sales Director, Auto-Sleepers

including an oven and grill, plus the benefits of a microwave as well.

The washroom, as one has become used to with Auto-Sleeper, has clean lines and fully functional toilet and shower but one surprising but welcome feature is that by just rotating the shower door a huge changing area appears as if by magic.

With four external colours, three of which have a metallic finish, to choose from and colour-coded bumpers and door handles, it's a stunning-looking motorhome as well.

SPECIFICATION

Price from £53,700

Base vehicle Peugeot Boxer

Layout Front lounge

Berths 2 **Travel seats** 3

Gross weight 3,500kg **Payload** 525kg

WARWICK XL

The Warwick XL builds on the concept of the ever-popular Warwick Duo, providing a huge rear lounge, which converts quickly into full-length single beds, or an exceedingly comfortable double bed. In Limewash furniture, it is exceptionally stylish, too.

Alongside is a spacious bathroom with a separate shower and a large, fully appointed kitchen on the nearside to provide truly open-plan accommodation, making it ideal for both short breaks and long-term touring.

The Warwick XL comes with high specification as standard, fitted with the Peugeot 160bhp Euro VI engine, and the Fiat Comfort-Matic offered alternatively.

Our customers will also enjoy the practicalities of a Truma iNet Control Box, Sargent E700 electrical system and an 80W solar panel, among other things.

SPECIFICATION

Price from | £56,200

Base vehicle | Peugeot Boxer

Layout | Rear lounge

Berths | 2 **Travel seats** | 2

Gross weight | 3,500kg

Payload | 469kg

FAIRFORD

Introduced to the iconic Auto-Sleepers van conversion line-up in 2017, the Fairford is a spacious four-berth, built on the extra-long wheelbase Peugeot Boxer chassis.

The 'van features a versatile and spacious twin lounge in the rear of the vehicle, which is ideal for relaxing with friends and family. Come night-time, the lounge easily converts into a large, comfortable double bed.

At the front of the Fairford, there is a practical dining area with seating for four, when using the swivelled cab seats. Another double bed can be made up here, too.

The centrally located washroom is compact and practical, offering home-from-home comfort.

Likewise, the well-appointed kitchen on the opposite side of the galley is ideal for catering on holiday.
