...The Ultimate

This A-class range offers two exquisitely crafted and innovatively functional motorhomes.

Light, modern furniture and upholstery create interiors that are distinctively cool, captivating all who venture on board.

Superb style is combined with substance in the expertly designed living spaces, which are highly practical and feature inventive space-saving storage options.

The K-Silver i56 is an affordable four-berth A-class featuring fixed single beds at the rear of the vehicle and a drop-down double bed above the lounge.

The kitchen and en suite style bathroom (that can be shut off from the rest of the motorhome with a solid door) are located in the centre of the vehicle and, like all Mobilvettas, the i56 offers spacious, luxurious living.

“

*Marquis hand-picked this exclusive range for the UK market to offer owners a competitively priced motorhome within the luxury A-class sector, but without any compromise to quality or specification. Since their launch in 2018, they have proven very popular with our customers.*
